Bel Air Crest Accra

There is a child and a mother's love; and when a son's love for his mother is expressed in a monumental edifice, Kwarleyz Residence is born. A display of thoughtfulness, inspired by a mother's love, a prestigious 40-unit Hotel Suites is built, in the upscale Airport Residential Area. Kwarleyz Residence represents the power of family and the importance of honoring those who have made a lasting impact in our lives while they are with us. Both sides of the hotel feature an emblazoned rendition of Aunte Kwarley, as she's affectionately known. Whoever thought you could stay at home in a hotel? Kwarleyz pioneered the aparthotel concept in Ghana, revolutionizing the hospitality industry and setting new standards of excellence. On business or leisure, individual or group, it's all family, friends and fun.
